Voting procedure

All votes were cast by electronic voting unless mentioned otherwise. A test was made to see if the voting system worked in the beginning of each session and Congress Delegates did not object to the use of the system, which conforms to the World Archery Constitution.

6. Affiliations

The following countries were accepted as full Member Associations of World Archery (voted by raise of hands):

- Syria
- Jordania
- Lesotho

The following countries were reinstated as a full Member Association of World Archery (voted by raise of hands):

- Palau, re-application

7. Minutes of the Congress 2017 in Mexico

The minutes were approved unanimously.

8. Matters arising from the minutes

In last Congress there was a motion tabled about World Indoor Championships. This will be discussed later.

Second tabled motion from 2017 Congress was about the size of indoor target faces. In co-operation with all the committees, including the Target Committee which submitted the 2017 motion, it was decided that it will not be added to the agenda in this Congress. As there was an idea not just to change one face, but reconsider all the target faces, it is clear that such possible modification needs further internal discussion and also with the target face manufacturers.

9. Reports

9.1. President's report

President's address as presented during the Congress.

“Dear representatives of the World Archery, Dear friends,

Welcome to this beautiful country Netherlands and its lovely town, 's-Hertogenbosch, or, Den Bosch, for our 53rd Congress. I am sure we will make good use of these two days for our great sport. But it must not be all work! Don't forget to try the Bossche Bollen dessert and enjoy the medieval architecture while you're in Den Bosch, elected as the most hospitable city in Holland.

As you know our program will continue with the World Archery Para Championships and the World Archery Championships. And, we all know that the World Championship is very important for our athletes, as it is the most important quota tournament for the Tokyo 2020 Olympic Games. I think exciting matches and surprises are awaiting us, especially on the final day of the Championships. And, IOC President Dr Thomas Bach will be with us in our final day despite his very busy schedule.

Dear friends,

As I always say, personally, I am very happy and proud to lead this Olympic body, where the Executive Board, working in harmony, constitutes an effective decision making mechanism, and where we work with a very highly motivated, able and dynamic team, under the leadership of our Secretary General Tom Dielen. He will soon share with you, detailed information on all our activities, so, I want to content myself with some other matters, relating to the Olympic Movement, and outlining “where we are” and “where we stand”.

As a Vice-President of International Olympic Committee, the top governing body in the world sport, I am carrying out a considerably busy duty, requiring frequent travels. And I am truly honoured to do this work on behalf of the archery sport. As the Chair of the IOC Medical and Scientific Commission, may I also say, we are running many important projects for a better future for the Olympic Movement and especially, for all our athletes.

I regard my other responsibilities like, chairing the IOC Evaluation Commission for the 2022 Youth Olympic Games, which resulted in granting the Games to Africa for the first time, and my work at the IOC Coordination Commission for Paris 2024 Olympic Games as important efforts for the benefit of our athletes.

Another topic that never drops off the agenda is, of course, the World Anti-Doping Agency – WADA! Perhaps you know that the new WADA President, Poland's Sports Minister Witold Banka, will take office in November, and naturally, new policies will be established. You may also know that the WADA Foundation Board and the Executive Board is composed, equally of representatives from the Olympic Movement and public authorities.

Since I lead the group of representatives from the Olympic Movement, I will be heavily involved in formulating the WADA policies with the President Bach. WADA's Health, Medical and Research Committee, which I chair, is performing important work on issues related to drug-free sport.

Furthermore, a new independent organization to fight against doping through reliable conduct and evaluation of all doping analyses, has been constituted as a not-for-profit foundation, based in Lausanne. Its name is the International Testing Agency, and its acronym is ITA. I serve as the IOC representative at the Foundation Board of this important organisation. At the moment, 41 International Federations and Major Event Organisers have signed partnership agreements with ITA. I believe almost all will sign up with ITA in the very near future. Currently, WADA is in the regulatory body position, ITA is the drugs-testing and monitoring body, while sanctioning remains with the Court of Arbitration for Sport –CAS. So, the independence of both the testing and the sanctioning are ensured.

ASOIF, the Association of Summer Olympic International Federations, is the umbrella organization of the 28 Summer Olympic sports. I have the honour of serving as the Vice-President of this important body that works to unite, promote and defend the common interests of its members.

Dear friends,

I serve at all these offices, as a result of the strong position the archery has attained, and I serve, on behalf of our sport! For that, I'm very proud. How happy for us all that we accomplished our strategic goal, to be a core sport in the Olympic programme.

Archery enjoys a very strong position in the Olympic Movement and our relations with all our stakeholders are in good shape. It is our success that resulted in archery advancing to the next higher group in the IOC Olympic Revenue Distribution Plan in the near past.

We have done that together!

Dear friends,

During this Congress, we shall be re-evaluating the works we have done in many areas and planning new progresses together. Within this framework, we need to take new steps for our future, particularly, with regards to the new governance planning. After all, our goal is to make World Archery a model corporate structure in every sense.

Dear friends,

Our World Cup Series continues with great success. Our iconic backdrops tradition continues. This year's World Cup Final will be at the Red Square in Moscow. The change from Indoor World Cup to Indoor Archery World Series allows for more stages with different levels. With a record 3,767 entries from 50 countries, the Vegas Shoot in February became the most inclusive and largest indoor archery tournament in the World.

We are very pleased with the high quality of our organisations, as well as the great interest and satisfaction of our athletes. We certainly owe the high quality of our events to our event organisers. I thank each and every one of them for their professionalism and dedicated contributions. May I thank and praise the Dutch members of our Family in advance, because I am sure we will witness wonderful two upcoming World Championships here in this very nice city.

However, I must point out a problematic issue here, which is the difference between the World Archery organizations and the continental events. I believe we need to pay attention to this situation in the name of our sport and athletes.

We made very good deals with important broadcasting groups. Tom Dielen will give you the details, but I would like to say that it shows the rising wave of interest in archery during the current Olympic cycle, leading into Tokyo.

To the benefit of our young archers, the well-organised archery events attracted large crowds in Buenos Aires Youth Olympic Games last October. As you know, our athletes will have the new chance to compete for a fifth medal at Tokyo 2020 Olympic Games, all indicating that the future is bright for our sport.

Our great pride, the World Archery Excellence Centre, continues its operations with success and hosts many events and meetings beside archery. I congratulate World Archery Excellence Centre and Development Operations Director Juan Carlos Holgado for overcoming the challenges and thank him and his team for their hard work.

My thanks also goes to our sponsors. Our sponsorship programme continues successfully with our official sponsors Hyundai, Spor Toto, ERREA and Longines and our Diamond Partners, Easton,

FIVICS and Hoyt and our many Gold, Red and Blue associates. Their support makes the World Archery's work, initiatives and success possible.

I want to thank my Dear Colleagues on our Executive Board, for their hard and harmonious work. All our achievements would not have been possible without them. I am also grateful to our members serving in our permanent and Ad Hoc Committees and commissions. Such constructive work would not be in place without their voluntary contributions.

Thank you again, Tom! My thanks and appreciations to each and every one of our staff:

Development and Education Director, Pascal Colmaire

Finance Director, Caroline Murat,

Events Director, Chris Marsh,

Internal Communications Manager, Siret Luik,

Events Coordinator, Jae Kyung Lee,

Marketing Services Manager, Thomas Aubert,

IT Manager Matteo Pisani,

Senior Communications Manager, Chris Wells,

Communications Coordinator, Gwenaël Massot,

Senior Office Coordinator, Séverine Deriaz,

Office and Human Relations Coordinator, Jenny Brugger,

Senior Communications Coordinator, Ludivine Maitre Wicki

Our Official Photographer, Dean Alberga and all our Event Team, and last and by no means least, Uğur Korkmaz and his team at the Ankara Office.

And finally, my sincere thanks and respect to all of you, my dear friends. You deserve all the credit for the success of Archery and I'm proud to be part of a family, that's pushing boundaries on what's possible. Thank you!

Once again, my sincere thanks and respect to you all!"

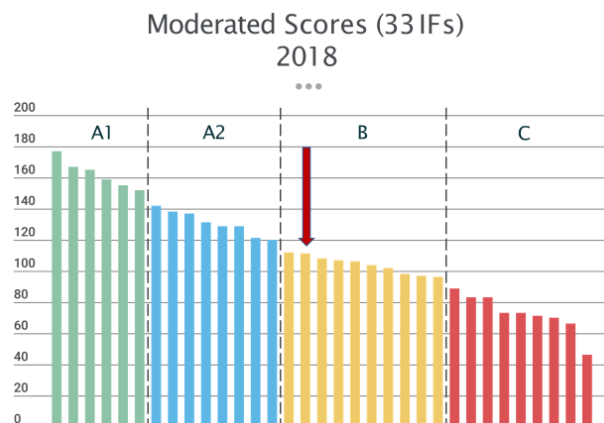

9.2. Secretary General's report including Ad Hoc committees reports

The Secretary General made some additional remarks to the report submitted as part of the Congress documents, regarding recent updates, role of International Federations, governance and cooperation.

- Partnerships: agreement signed with NV Logistics for shipping and handling services and Vanguard for scopes.
- Social media: ranking coming out soon.
- Appeals related to para archery classification: the whole classification process has become more strict and robust.
- Anti-doping related cooperation with ITA: World Archery can advise, but ITA is independent in their operations & decisions.
- Safeguarding: avoiding harassment and abuse. Proactive approach is needed otherwise consequences can be very damaging.
- Licenses: work in progress, planned from 1 Jan 2021.
- TV contracts: many new contracts signed. Some key ones: change in Korea from SBS to KBS, CCTV in China covers all the events, Claro TV in Americas, highlights in Spanish, SonyTV in

India, MatchSport in Russia, NBC opens new perspective in USA, BBC sport covering World Championships.

- Office structure: Pascal Colmaire retiring in 2020 and Chris Marsh moving to IOC. That will bring changes, especially to event department structure. Thomas Aubert and Fernando Suarez will work on World Archery events and Sebastian Flute on Olympic Games. The position for the development department position is still open.
- Role of IFs: changing consumption behaviours, challenges that Mega Events have, athletes involvement, governance and integrity are critical. Future World Archery has to be a more “entrepreneurial IF” – more professionalism, more collaboration and partnership to protect both private and public interests while having state of the art governance.
- Craig McLatchey – Lagardère Sports and Entertainment: *Two of the three major actors in the growing e-sports space, governments and sport governing bodies are, as institutions, appropriately considered and relatively slow to act. This means that the evolution of the roles of IFs and NFs will be slower than many might predict. Nevertheless, this evolution will most surely come including as a result of the impacts of the third major actor, business. We, therefore, face a rapid evolution rather than a revolution but there will be winners and losers.*
- Governance: defending our right to establish world ranking, world championships and qualification pathways. Role as administrators can be defended through exemplary governance. For that it is needed to review constitutions to ensure compliance with the universal principles of good governance.
- ASOIF Governance Questionnaire: Governance Taskforce (GSMU) was established in 2015. Questionnaire includes 50 indicators based around 5 key principles – transparency, integrity, democracy, development, solidarity and control mechanisms. Second report presented at 2018 General Assembly. Trend shows scores increasing among IFs. World Archery is ranked in the middle or a little bit below. Multiple changes are needed to improve governance in World Archery and there will be motion about it later on.
- Future events in China: Universiade, Gymniasade, World Games – which will be first international field archery event in China
- CAS Anti-Doping Panel: signed contract with will help to save costs. There will be four cases free per year and fixed cost for others. So far we have never had more than two cases per year.

Cooperation with International School Sport Federation (ISF)

A presentation was given by Mr Kolë Gjeloshaj. ISF has 118 member countries and organises worldwide competitions for 13-18 year old students. They organise four types of events: World Schools Championships, Gymnasiade, ISF Educational Games and ISF Inclusive Games. Gymnasiade Summer Games are held every two years and archery is among 12 obligatory sports. Next event will be in 17-24 October 2020 in Jinjiang, China.

Cooperation with International Military Sports Council (CISM)

The World Archery President and CISM Secretary General Col. Dorah Mamby Koita took the stage to sign a mutual agreement. CISM representative introduced their organisation and expressed wish to make this cooperation even stronger and also develop para archery.

9.3. Report on the activity of the governance of member associations

The Secretary General gave an update on member associations with recent issues in addition to the report that was sent out with Congress documents:

- POL - was suspended earlier this year, the Executive Board lifted suspension conditionally, but World Archery will have a meeting to ensure that it does not occur again.
- IND – currently serious issue. Supreme Court ruled some weeks ago that elections in December were invalid and new elections have to take place. We have information that there are two elections planned to happen at the same day in different venues. We will work together with people in India to find solution, otherwise suspension or even expulsion might be necessary at some stage. World Archery will try to avoid it, but this situation has lasted for a long time and cannot continue like this.
- ALG – recent issues have been resolved and Secretary General passed his thanks to Khaled Lamande who was observer in their last extraordinary general assembly.

9.4. Exclusion of Non-financial and/or Non-Active Members

Member associations, whose suspension was conditionally lifted:

- Senegal - YOG host was suspended due to inactivity. Has shown some activity, but structure and constitution need review. Congress voted to give mandate to Executive Board to decide on their membership. Senegal will have time by the end of 2019 to resolve the issues. If no significant improvement, then they will be expelled (approved by raise of hands).
- Central African Federation – similar situation as with Senegal. CAF was suspended by Executive Board due to inactivity, but have shown interest to take part of African Games. It was put on a vote the same way as Senegal – lift suspension until the end of the year, in case issues are not resolved, Executive Board will have a mandate for deciding on an expulsion. Electronic vote: 84 yes, 1 no, 0 abstention.

Expulsion due to inactivity:

- Kiribati - 2017 Congress final warning, 2018 and 2019 membership fee not paid
Vote: 68 yes, 7 no, 7 abstention
- Burkina Faso - 2017 Congress final warning, 2019 membership fee not paid
Vote: 66 yes, 8 no, 9 abstention
- Liberia – suspension by Executive Board due to inactivity
Vote: 71 yes, 7 no, 5 abstention

9.5. Final warnings

Final warning issued due to no payment of entry fee and/or inactivity. Congress agreed that if within the following two years there is no clear sign of activity or issues persist, these members will be proposed for expulsion in 2021:

- Ghana – 2019 not paid
- Kuwait – 2019 not paid, 2018 payment late
- Mali – 2019 not paid, 2018 payment late

- Norfolk Island – 2019 not paid
- Rwanda – 2019 not paid
- Togo – 2019 not paid, 2018 payment late

Vote “en bloc” for six countries: 79 yes, 1 no, 3 abstention

Congress agreed that if within the following two years there is no clear sign of activity or issues persist, these members will be proposed for expulsion in 2021.

9.6. Report on the International Foundation for the Development of Archery and the World Archery Excellence Centre

The Secretary General invites the World Archery Excellence Centre Director, Mr Juan-Carlos Holgado, on the stage for his report. The Centre belongs to the International Foundation for the Development of Archery (FIDTA).

To explain better the variety of activities for every age category or type of clients (from young beginners to corporate events) the Centre offers, a short video was shown. Corporate events are organised to create more revenue to support archery related activities. Also some other sports use the facility for their trainings. Some off-site events include “Discover archery” in schools and “Archery have a go” in cultural or sport festivals. Olympic Solidarity has provided scholarships to athletes to prepare for Tokyo 2020 as residents of the Centre.

A World Archery Master Championships was organized successfully in the Centre in August 2018, consisting of an Indoor, Outdoor and Field event.

The Centre director introduced the team who organised more than 430 events since October 2016, welcoming more than 16.000 people doing archery. He also brought out the key learnings from past years and objectives for 2019-2020.

The audited accounts of FIDTA were included in the Congress documents.

10. Finances

All of the documents were published before the Congress within deadlines.

10.1. Finance and Audit Board Report 2017 and 2018

The Financial Statements of 2017 and 2018 together with Finance and Audit Board reports, which were audited by Price Waterhouse Coopers, were provided with Congress documents. No questions were raised on the Finance and Audit Board reports.

The financial programme was adopted as presented.

There will be discussions with Credit Suisse about the reduction of the mortgage.

10.5. Member Association fees

No changes were made to Member Association fees.

10.6. Approval of the Auditors Firm

A tender was done. Three offers plus an offer from current auditor Price Waterhouse Coopers were submitted. It was proposed to give the mandate to the Executive Board to make a decision before the end of the year. Decision was confirmed by the raise of hands.

11. Interpretations of rules by permanent committees

Since no questions were raised in relation to the interpretations they were submitted for approval “en bloc”.

Congress approved the interpretations unanimously by a raise of hands.

The Secretary General thanked the committee members for their hard work in providing the interpretations.

12. Bylaws adopted by the Executive Board

The Secretary General informed Congress that no request was made to discuss a particular by-law by the deadline provided in the Constitution. Therefore, the bylaws would be voted upon “en bloc”.

Congress approved the bylaw decisions of Executive Board unanimously by a raise of hands.

The Secretary General thanked the Executive Board and committee members for their hard work on the bylaws during the preceding two years.

13. Board of Justice and Ethics report

No questions or additional comments were made on Board of Justice and Ethics report. Since last Congress, there was one case submitted to the Board of Justice and Ethics. In April 2018, the chair of the committee passed away and deputy chairperson was appointed as new chair. No comments were raised by the Congress delegates.

14. Permanent committees reports and goals

Committee reports were provided together with the Congress documents.

14.1. Athletes Committee

No comments were raised by the chair or the Congress delegates.

14.2. Coaches Committee

No comments were raised by the chair or the Congress delegates.

14.3. Constitution & Rules Committee

No comments were raised by the chair or the Congress delegates.

14.4. The Field and 3D Archery Committee

No comments were raised by the chair or the Congress delegates.

14.5. Judges Committee

No comments were raised by the chair or the Congress delegates.

14.6. Medical and Sports Sciences Committee

No comments were raised by the chair or the Congress delegates.

14.7. Para Archery Committee

Ms Carole Hicks, Chair of the Para Archery Committee, brought attention to the governance of para archery in each country and encouraged member associations to take have some degree of control over para archery in their country. She also thanked the President and the Secretary General for the trust that that has been put on her.

No other comments were raised by the chair or the Congress delegates.

14.8. Target Archery Committee

No comments were raised by the chair or the Congress delegates.

14.9. Technical Committee

No comments were raised by the chair or the Congress delegates.

15. World Archery plan

15.1. Follow up from the governance questionnaire

Ms Siret Luik explained that a 98% completion rate was achieved, and only three member associations did not complete it. Priority was to address federations with serious issues regarding constitutions. This brought attention to the fact that some federations have limited or very little legal connection or power over their individual members. She also brought out the need to check the procedures related to affiliation and elections. The plan is to start collecting the data once per year through the Extranet in the future.

15.2. World Archery 2017-2020

The Secretary General Mr Tom Dielen gave a presentation on the progress World Archery strategy. He informed about the progress related to 5P program that was presented in Mexico 2017. Many objectives have been already reached, but with some there is still work ahead.

Mr Lars Haue-Pedersen also supported Secretary General's message and encouraged cooperation between federations.

16. Motions and proposals for laws

There were 17 motions and 2 proposals, which were provided beforehand with Congress documents. Presented below is a summary table with the outcome of voting along with details of discussions that were raised. The table follows the order of motions as they were published before the Congress.

15 motions passed the Congress vote, two did not pass and proposals were not discussed, because they were already covered by motions.

It was proposed and accepted by Congress delegates that motions will come in effect on 15 January 2020. This does not apply to motion 3 and motion 5, which will be effective immediately, based on vote by raise of hands.

The wording of approved motions is added as APPENDIX 3.

Discussions raised during motions voting in addition to short explanation about every motion by Secretary General Mr Tom Dielen:

Motion 1 – governance motion:

- ASOIF submitted a letter to support this motion. It was provided with Congress documents.

Motion 9 – removal of Indoor World Championships:

- NOR withdrew their amendment.
- Target Committee has changed their opinion which was written in the motion and supports the amendment by Archery GB.
- Henk Wagemakers, SLO: Asked how the abstentions were considered in the vote.
- Tom Dielen: 2/3 majority is used. There were 75 votes cast with 3 abstentions. If to remove the abstentions, the 2/3 majority is 50. Abstentions are not counted as votes cast.
- Mark Miller, Chair of C&R Committee: confirmed as 6.7.3 - Motions require the respective majorities of the votes cast. An abstention is not counted as a vote cast.

Motion 12 – insert mixed team event for field and 3D events:

The President used his prerogative and introduced an amendment. He asked Secretary General to present an amendment about removing junior teams. It was included in the reasoning of the motion, but not in wording. The amendment was voted first.

Motion 15 – removal of age limitation for judges:

- Henk Wagemakers, SLO: Slovenia put this motion to the Congress because they find that having a limit age for judges is form of a discrimination. World Archery Book 1 is constantly speaking about non-discrimination of gender, of religion and so on. And now just for the smallest group of people within our family, there is an age limitation of 65 and that's not correct. He explained that first of all, people that are older than 65 are not mentally ill. With a 65 age limit, a lot of experience is going away. He then said that people age 65 still can perform very well. He claimed there are people 20 year younger than him that are not performing at all. His second point was, that the Judges Committee said people of old age are not physically fit. He explained the same problem occurs with young judges. He agreed to the idea that there will be a test for physical fitness, especially in field and 3D. He asked everyone to vote in favour of this motion.
- Sergio Font, Deputy Chair of Judges Committee: The Judges Committee discussed this matter and does not support the motion from Slovenia.
- The President: Reminded that this rule was adopted some time ago and is not new. It cannot be forgotten there is a new capable judges' generation. This gives them more opportunity and the Executive Board does not support this motion.

Motion 16 – barebow target archery world records:

- Secretary General proposed to first have a vote on the amendment and after that to have separate votes on indoor and outdoor.
- Cenneth Ahlund, SWE: Explained how the 18m 40cm target face is suitable for barebow, but not for longbow.
- Hilda Gibson, GBR: Pointed out that there was a mistake in handouts about longbow and in the motion, there is only barebow.
- Secretary General confirmed that this motion only includes barebow. The motion was split in two: first vote on indoor and then outdoor.

Motion 17 –

- Cenneth Ahlund, SWE: Asked for support of this motion without further explanation.
- Hannah Brown, Chair of Field and 3D Committee: The topic has been discussed within the committee and with Athletes Committee and neither supports this motion. The solution that they support was already approved as a bylaw by the Executive Committee and this motion is not the most effective one.
- Susanne Womersley, World Archery Oceania: Asked for the clarification on the mentioned bylaw.

- Hannah Brown, Chair of Field and 3D Committee: Archers need to cover any tactile marks on the binoculars which would make using binoculars to measure the range harder if not impossible.
- Another Congress delegate raised the question on the definition of binoculars and Secretary General promised to look into this.

18.9. Electoral Board

The Secretary General explained that it is necessary to form electoral board before next Congress. There are already candidates, but not yet possible to give the list to Congress to approve. Without any objections, the mandate to appoint the electoral board was given to the Executive Board. Member Associations will be asked to submit candidatures.

19. Report on cooperation with associate international federations and other cooperation

Some information about cooperation was already included in the Secretary General's report.

19.1. Report on cooperation with the International School Sport Federation

Presentation was given during Secretary General's report. In addition, it is needed to appoint technical delegate for ISF events. If member associations have experienced person who would be interested, please notify World Archery office before the end of June.

19.2. Report on cooperation with the Commonwealth Games Federation

Bid was put together to be included in the Commonwealth Games in Birmingham. Feedback on the presentation was positive, but the results is still unknown.

19.3. Report on cooperation with IFAA

No issues and waiting for results on presidential elections. Relations are quite good.

19.4. Report on cooperation with FISU

Long cooperation. MOU was signed. Challenges with upcoming Universiade due to late change of organiser. FISU asked to reduce the number of athletes. World Archery wanted to avoid qualification tournaments or using World Ranking list. Agreement was made to reduce team round to two athletes per category, this will also reduce the total team size. WRE will count only for individual and mixed team event.

19.5. Report on cooperation with Global Sports Development (GSD)

GSD has been supporting World Archery development agents in Oceania and Africa. Training camp for young African athletes before Buenos Aires YOG is another example.

19.6. Report on cooperation with the Archery Trade Association (ATA)

Longer presentation was given during Saturday lunch break. Cooperation is excellent. One area of cooperation is fighting with counterfeiting. One US manufacturer in cooperation with Chinese authorities, made successful operation in China. Using counterfeited products is a question of safety and image of our sport.

20. World Archery Events

Secretary General gave an overview of the events the Executive Board allocated during their last meeting.

2020 World Cups will take place in Guatemala, Shanghai and Berlin. Last stage will also be final qualification tournament for Tokyo 2020 Olympic Games. A video made by Guatemala World Cup organising committee was presented.

Sydney was added to Indoor World Series. Egyptian stage will not be included this winter, but Cairo should join the season after this winter and then all continents would be included in the Indoor World Series.

2023 Para Archery World Championships are allocated to Pilsen (CZE) and 2023 World Championships will be in Berlin (GER). Paris (FRA) will host World Cup stages in 2020-2023. World 3D Championships were awarded to Terni (ITA). There is letter of intent for 2021 Para Archery World Championships in Dubai, more information by the end of the month. Executive Board allocated this morning also 2021 World Championships to Yankton (USA).

The location for Congress 2021 and 2023 is not decided yet, because the World Cup Final organiser is not known yet.

20.1. Presentation on Madrid 2019 World Archery Youth Championships

Rifaat Chabouk (ESP) brought out that preliminary entries show great interest and showed a short introduction video which showed the venues and some statistics.

20.2. Presentation on Yankton 2020 World Field Championships

2020 World Field Championships will take place in Yankton (USA). Bruce Cull (USA) introduced the facilities which is largest in the world. A video was shown.

20.3. Olympic Games Organising Committees report

Tokyo 2020 Olympic Games Competition Manager Ms Yuko Okura gave a presentation about the competition schedule, venues and Olympic Village. She also addressed the heat issue.

21. Awards

Chair of Gender Equity ad-hoc committee Ms Evelyn Papadopoulou announced that the Women in Sport award for remarkable services to archery will go to Ms Guo Bei (CHN).

Member Association Female Award for biggest number of female participation in World Cups in 2017-2018: 1st place USA (65 female athletes), 2nd place IND (59), 3rd place RUS and TPE (both 56).

Nations Trophy based on ranking for World Cup 2018: 3rd place USA (490 points), 2nd place TPE (557 points), 1st place KOR (779 points).

Carole Hicks (NZL) was thanked for their services for many years as chair of para archery committee, being volunteer of the year, also being President of World Archery Oceania, and for many other positions and roles in archery.

Three outgoing Executive Board members were also honoured:

- Philippe Bouclet (FRA) - total 14 years in Executive Board of which last 10 years as Vice President;
- Viktoriya Koval (UKR), Chair of Athlete Committee for 8 years;
- Gao Zhidan (CHN), Executive Board member for 16 years.

22. Summary of workshops

- Para Archery workshop focused mostly on organisational structure. A small survey was conducted.
- Strategy workshop introduced World Archery plan to make strategic document mandatory to all member associations. Neil Armitage (GBR) introduced the key performance indicators Archery GB uses to measure progress. Also the envelopes from last Congress were opened so federations could see if their objectives have been reached.
- Safeguarding workshop explained the steps needed to be taken to address harassment and abuse in sport. As a part of this workshop, two researches were presented by Maria Kyrilopoulou (GRE).
- Member Association services workshop raised questions around the role of national federations. Arnoud Strijbis (NED) presented a project the Dutch Archery Federation had recently launched.

23. Any other permissible business

Information on new online education system will be sent to member associations in upcoming weeks. This method will be used for training coaches and also international judges in the future. This will allow to reduce the days on site and also do a pre-selection before actual course to make sure the level of attendants is similar. This will help to improve the quality of education.

24. Closing of the Congress

World Archery President thanked the Delegates for their participation and gave special thanks to hosts and also to World Archery staff lead by Secretary General Mr Tom Dielen.

The President closed the World Archery Congress at 4:20pm on Sunday 2 July 2019.

Appendix 3: Approved motions

Motion 1 with amendment

Introduction, Definitions
To add:

Interest.

An “interest” means and includes any interest, direct or indirect, whether private or personal, financial or otherwise related to World Archery official concerned. This also includes the interest of a third person (such as a parent, spouse or other immediate family, or dependent).

Conflict of interest.

The fact that World Archery official is associated with another organisation in the sport such as a Member Association does not in and of itself constitute a conflict of interest.

The following is a non-exhaustive list of examples of circumstances in which conflicts of interest could arise: personal and/or material involvement as an employee, contractor, director, trustee, shareholder, partner or other position with suppliers to World Archery, sponsors, broadcasters, or other parties contracting with World Archery or any other organisation or person likely to benefit from the assistance of World Archery (such as a subsidy, approval or election).

Independent.

A person is independent if they are free from any close connection to the organisation and if, from the perspective of an objective outsider, they would be viewed as independent. A person may still be deemed to be ‘independent’ even if they are a member of the organisation and/or play the sport. Examples of a ‘close connection’ include:

- (A) they are or have within the last four years been actively involved in the organisation's affairs, e.g. as a representative of a specific interest group within the organisation such as a continental association, a region or a member association;
- (B) they are or have within the last four years been an employee of the organisation; or
- (C) they have close family ties with any of the organisation's senior employees.

Chapter 1

Article 1.3.1 change first bullet point and add 2 more

1.3.1. The objectives of World Archery shall be:

- To promote and encourage Archery throughout the World in conformity with the Olympic principles, **including gender equity;**
- **Not allow any form of discrimination in its actions or decisions, be it discrimination of any kind such as race, colour, sex, sexual orientation, language, religion, political or other opinion, national or social origin, property, birth or other status. Anyone part of the World Archery Family commits themselves by their actions to behave in a non-discriminatory and ethical manner;**
- **To seek to ensure safe and harassment-free environment for all people involved at the events;**
- **To promote and support the IOC's Charter of Athletes' rights and responsibilities.**

Remove from 1.4.2.3

~~No discrimination of any kind shall be allowed such as race, colour, sex, sexual orientation, language, religion, political or other opinion, national or social origin, property, birth or other status.~~

Article 1.6.5 change

Persons elected to World Archery offices shall serve a full term of four years unless otherwise specified, **with the following limitations:**

- **The person elected may serve a maximum of four full terms in the same committee or board (except the Executive Board) and must have a minimum two-year break after two consecutive full terms;**

Appendix 2

To add new section:

Independence

Officials should act for the benefit of the World Archery and when making decisions that affect or may affect World Archery must do so without reference to their own personal interest.

World Archery officials should perform their duties with integrity, transparency and in an independent manner, free from any influence that might interfere with their loyalty to World Archery.

It is the individual responsibility of all World Archery officials to avoid any case of conflict of interest and to disclose any potential conflict of interest as detailed in the rules.

The following is a non-exhaustive list of examples of circumstances in which conflicts of interest could arise: personal and/or material involvement as an employee, contractor, director, trustee, shareholder, partner or other position with suppliers to World Archery, sponsors, broadcasters, or other parties contracting with World Archery or any other organisation or person likely to benefit from the assistance of World Archery (such as a subsidy, approval or election).

The fact that World Archery official is associated with another organisation in the sport such as a Member Association should not in and of itself constitute a conflict of interest.

World Archery officials are required to disclose any interest that may give rise to a potential or actual conflict of interest by submitting to the relevant individual or body a report of interests once per year.

Should there be a potential conflict of interest between World Archery official and World Archery (whether or not it has been disclosed), the individual World Archery official concerned will refrain from expressing their opinion, and from taking any further part in the matter, including any deliberations or decisions, unless permitted by the person in charge of the body of which they are a member or to whom they report. If necessary, the person in charge of the body of which the World Archery official is a member or to whom the World Archery official reports may refer the matter to the Board of Justice and Ethics.

• If there is an objection to the chair's ruling or the conflict is with respect to the chair, the board or committee (excluding the relevant individual) should vote on the issue and a simple majority vote that a conflict exists or may exist is sufficient for the meeting to request the individual concerned to excuse themselves from the meeting or refrain from participating in discussion on the matter.

If needed, an alleged conflict of interest may be referred to the Board of Justice and Ethics for determination of whether it is a violation of the rules.

Motion 2

Add the following to Article 1.6.1:

The Executive Board may adopt policies and procedures which shall be treated as bylaws.

Book 4 – Chapter 23 shooting

23.3.3 Mixed Team

- In the mixed team, for field athletes shoot 2 arrows, and for 3D they shoot 1 arrow each. At the first target the higher ranked team decides who shall start shooting. Thereafter, the team with the lower cumulative score will shoot first at the following target and, if the teams are tied, then the team that started the match will shoot first.
- In Field Mixed Team, athletes must change after every arrow.

Book 4 – Chapter 25 Order of Shooting and Timing Control

24.8 first bullet, add following bullets

- o Field Mixed Team the time limit for four arrows is 160 seconds;
- o For 3D mixed Team the time limit for 2 arrows is 90 seconds.

24.13 Mixed Team

24.13.1.1 In matches controlled by a judge:

- Both teams shall start each end of their match with the athletes behind the peg;
- The first athlete may approach the peg when the judge has given the signal to start the match;
- Athletes will rotate after every arrow;
- Only one athlete from each team may be on the peg at any time;
- Both teams will shoot at the same time.

24.13.2.1 In matches with electronic timing control (Medal matches):

For Field:

- Each team has to alternate between their members after each shot so that each member has shot one arrow in each phase of the rotation;
- When the first team has shot two arrows and the athlete has stepped off the peg the clock of that team is stopped, displaying the time remaining;
- When the athlete is clear of the peg, the clock of the second team is started and the first athlete of that team may approach start shooting;
- This is repeated until both teams have shot four arrows or their time has expired;
- The team that shot first in the match shall start shooting the shoot-off and the alternation between the teams shall take place after every shot arrow.

For 3D:

- Each team has to alternate between their members so that each member has shot one arrow;
- When the first team has shot two arrows and the athlete has stepped off the peg or the time has expired, the clock of that team is stopped;

- When the athlete is clear of the peg, the clock of the second team is started and the first athlete of that team may approach start shooting;
- When the second team has shot two arrows or the time has expired, the signal to score arrows is given;
- The team that shot first in the match shall start shooting the shoot-off and the alternation between the teams shall take place after every shot arrow.

- Recurve Division;
- Compound Division;
- **Barebow Division;**
- Standard Bow Division (for Standard Round only).

4.5.1.2.

The Elimination and Final Rounds consist of:

- The Elimination Round, in which the top 104 athletes (mandatory for World Archery Championships) are seeded according to their positions in the Qualifying Round (see Appendix 3 - Match Play Charts). They shoot a series of matches in groups, each match consisting of the best of five sets of three arrows for recurve **and barebow**, and five ends of three arrows for compound;
- The Finals Round, in which the eight athletes remaining from the Elimination round shoot individual matches, each match consisting of the best of five sets of three arrows for recurve **and barebow**, and five ends of three arrows for compound, culminating in the gold Medal match. At

- World Archery Championships the matches shall be shot one after the other. The athletes shall shoot alternately one arrow at a time;
- The Team Elimination Round, in which the top 24 teams (16 in the Olympic Games) of three athletes seeded according to their positions as determined by their total score in the Qualification Round (see Match Play Chart 5 (24 teams, byes are permitted)) shoot simultaneously a series of matches, each match for recurve **and barebow**, consisting of the best of four sets of six arrows (two per athlete) and for compound consisting of four ends of six arrows (two per athlete) in cumulative score;
 - The Team Finals Round, in which the four teams qualifying from the Elimination Round shoot a series of matches, each match for recurve **and barebow**, consisting of the best of four sets of six arrows (two per athlete) and for compound consisting of four ends of six arrows (two per athlete) in cumulative score culminating in the Team Gold Medal match. In the Olympic Games, the Medal matches of the World Archery Championships and Archery World Cup Events, the teams shoot alternately in three arrow segments. For other events alternating shooting is optional. The timing is started and stopped when the athlete crosses the 1m line;
 - The Mixed Team Round in which the top 24 teams (16 in the Olympic Games) composed of the top ranked man and the top ranked woman from the same Member Association are seeded according to their positions as determined by their total score in the Qualification Round, shoot simultaneously a series of matches, each match for recurve **and barebow**, consisting of the best of four sets of four arrows (two per athlete) and for compound consisting of four ends of four arrows (two per athlete) in cumulative score;
 - The format may be amended to fit special stadiums and locations that are very attractive for archery. It is necessary to notify Member Associations at least one year in advance of the event;
 - For Recurve the round will be called the Olympic Round and shall be shot at 70m (60m for Cadets and Masters) on 122cm target faces, whereas for compound it will be called the Compound Match Round and shall be shot at 50m on an 80cm six ring target face. **For Barebow it will be called the Barebow Match Round and shall be shot at 50m on an 122cm target face;**
 - A team shall consist of the highest ranked three (or two if a Mixed Team) athletes from the Qualification Round unless the Team Manager notifies the Director of Shooting or the Chairman of Judges in writing at least one hour before the start of that round of competition of a substitution of another athlete who competed in the Qualification Round. A violation of the foregoing will result in disqualification of the team. In case of substitution medals shall only be awarded to the athletes that shot the Team round, not the qualification round.

4.5.1.7. to add:

The Barebow 50m Round consists of 72 arrows shot at 50m on the 122cm target face.

4.5.2.2.3. to add:

11.3. To add and change numbering of next articles:

Barebow division

For the Barebow Division the following items are permitted:

11.3.1.

A bow of any type provided it complies with the common meaning of the word bow as used in target archery, that is, an instrument consisting of a handle/riser and grip (no shoot-through type) and two flexible limbs each ending in a tip with a string nock. The bow is braced for use by a single string attached directly between the two string nocks, and in operation is held in one hand by its grip while the fingers of the other hand draw and release the string.

The bow as described above shall be bare except for the arrow rest and free from protrusions, sights or sight marks, marks or blemishes or laminated pieces (within the bow window area) which could be of use in aiming. The unbraced bow complete with permitted accessories shall be capable of passing through a hole or ring with a 12.2cm inside diameter +/-0.5mm.

11.3.1.1.

Multi-coloured bow risers, and trademarks located on the inside of the upper and lower limb or on the riser are permitted. However if the area within the sight window is coloured in such a way that it could be used for aiming, then it must be taped over.

11.3.1.2.

Risers including a brace are permitted provided the brace does not consistently touch the athlete's hand or wrist.

11.3.2.

A bowstring of any number of strands.

11.3.2.1.

Which may be of multi-coloured strands and serving and of the material chosen for the purpose. It may have a centre serving to accommodate the drawing fingers, one or two nocking points to which may be added serving(s) to fit the arrow nock as necessary, and to locate the nocking points. No lip or nose mark is permitted. The bowstring shall not in any way assist aiming through the use of a peephole, marking, or any other means.

11.3.3.

An arrow rest, which may be adjustable and have more than one vertical support is permitted.

11.3.3.1.

An adjustable pressure button, pressure point or arrow plate may all be used on the bow provided they do not offer any additional aid in aiming. The pressure point may be placed no further back than 2cm (inside) from the pivot point of the grip.

11.3.4.

No draw check device may be used.

11.3.5.

Face and string walking are permitted.

11.3.6.

No stabilisers are permitted.

11.3.6.1.

Vibration dampeners fitted as part of the bow are permitted provided that they do not have stabilisers.

11.3.6.2.

Weight(s) may be added to the lower part of the riser. All weights, regardless of shape, shall mount directly to the riser without rods, extensions, angular mounting connections or shock-absorbing devices.

11.3.7.

Arrows of any type may be used provided they subscribe to the accepted principle and meaning of the word arrow as used in target archery, and that these arrows do not cause undue damage to the targets.

11.3.7.1.

An arrow consists of a shaft with a tip (point), nocks, fletching and, if desired, cresting. The maximum diameter of arrow shafts shall not exceed 9.3mm (arrow wraps shall not be considered as part of this limitation but may not extend further than 22cm toward the arrow point when measured from the nock groove where the bowstring sits to the end of the wrap). The tips/points of the arrows may not exceed 9.4mm in diameter. All arrows of every athlete shall be marked with the athlete's name or initials on the shaft. All arrows used in any end shall be identical in appearance and shall carry the same pattern and colour(s) of fletching, nocks and cresting, if any. Tracer nocks (electrically/electronically lighted nocks) are not allowed.

11.3.8.

Finger protection in the form of finger stalls or tips, gloves, or shooting tab or tape, to draw and release the string is permitted, provided they do not incorporate any device that shall assist the athlete to hold, draw and release the string.

11.3.8.1.

A separator between the fingers to prevent pinching the arrow may be used. An anchor plate or similar device attached to the finger protection (tab) for the purpose of anchoring is permitted. The stitching shall be uniform in size and colour. Marks or lines may be added directly to the tab or on a tape placed on the face of the tab. These marks shall be uniform in size, shape and colour. Additional memoranda is not permitted. On the bow hand an ordinary glove, mitten or similar item may be worn but shall not be attached to the grip of the bow.

11.3.9.

Binoculars, scopes and other visual aids for spotting arrows:

11.3.9.1.

Provided they are not used for ranging or represent any obstruction to other athletes.

11.3.9.2.

Prescription glasses, shooting spectacles and sunglasses may be used. None of these may be fitted with micro hole lenses, or similar devices, nor may they be marked in any way to assist in aiming.

11.3.9.3.

Should the athlete need to cover the non-sighting eye and or glasses lens, plastic, film or tape may be used to obscure vision, or an eye patch may be used.

11.3.10.

Accessories are permitted:

11.3.10.1.

Including arm guard, chest protector, bow sling, finger sling, belt, back, hip or ground-quiver. Devices to raise a foot or part thereof, attached or independent of the shoe, are permitted provided that the devices do not present an obstruction to other athletes at the shooting line/peg or protrude more than 2cm past the footprint of the shoe. Also permitted are limb dampeners.

Existing 11.3. to modify and to renumber as 11.4:

For athletes of **all** divisions the following equipment is not permitted:

11.4.1.

Any electronic or electrical device that can be attached to the athlete's equipment.

11.4.2.

Any electronic communication device, headsets or noise reduction devices in front of the waiting line provided that the use of software that simply allows the athlete to plot arrow impacts on the target as one would on printed paper used for the same purpose is permitted. No software that aids in bow sight adjustments may be used anywhere on the archery field (which includes any space either in front of or behind the shooting line up to the spectator area).

11.4.3.

Athlete equipment shall not include camouflage colours of any kind.

Existing 11.4 renumber as 11.5.:

For Olympic Games no electronic communication device is allowed on the competition field unless required by the Organising Committee.

12.2.8 (bylaw)

*Practice on the competition field during byes will be limited to three arrows per end and maximum of three sets for recurve **and barebow** and five ends for compound. If more than three arrows is shot by an athlete in an end after being warned by a judge, the athlete may be denied further practice on the competition field but any such violation shall not affect the next match.*

13.2.1. (bylaw)

*In the Olympic, Compound, **Barebow** and Indoor Match Round Individual event:*

During the matches of the Elimination and Finals Round the athlete on the top line of each pair (of the chart) shall shoot on the left hand side of that match (see (see image 1: Match Play Chart 1A (104 athletes, byes are permitted))).

The target allocation for each round of the competition is the choice of the organisers; In the 1/48, 1/32, 1/24, and 1/16 (also indoors) Elimination Rounds there may be two athletes per target butt, in the 1/8 Elimination Round each athlete shall shoot on a separate target butt. Athletes shall go to the target butt to score and collect the arrows;

In the Finals Rounds (individual matches, alternating shooting,) each athlete shall shoot on a separate target butt and shall not go to the target to score and collect the arrows. Each athlete shall appoint an athletes agent who shall observe the scores recorded and withdraw the arrows. The arrows shall be returned to the athlete at the completion of every end/set after the second end/set;

*In single match play with alternating shooting, the higher placed athlete in the Qualification Round shall decide the order of shooting of the first end/set. The athlete with the lower set points score for recurve **or barebow**, or lower cumulative score for compound shall shoot first the next end/set. If the athletes are tied, the athlete who shot first in the first end/set shoots first in the next end/set or in the shoot-off.*

13.2.3. (bylaw)

In the Team Event Finals Rounds (alternating shooting):

Both teams shall start each end of their match with their athletes behind the 1m line;

*The higher placed team in the Qualification Round shall decide the order of shooting of the first end. The team with the lower set points score for recurve **or barebow**, or lower cumulative score for compound shall shoot first the next end/set. If teams are tied, the team which started the match shall shoot first; Each team has to alternate between their members after each shot so that each member has shot one arrow in each phase of the rotation;*

When the first team has shot three arrows (two for Mixed Team) and the athlete has returned behind the 1m line the clock of that team is stopped, displaying the time remaining;

When the score of the last arrow of the first team is displayed on the scoreboard, the clock of the second team is started and the first athlete of that team may cross the 1m line and start shooting; This is repeated until both teams have shot six arrows (four for Mixed Team) or their time has expired; The team that shot first in the match shall start shooting the shoot-off and the alternation between the teams shall take place after every shot arrow.

14.5.2.2. (bylaw)

Individuals:

A single arrow shoot-off for score;

*If both archers score a 10 (recurve **or barebow**) or X (compound) on their first shoot-off arrow, then the match would be considered a tie and a second shoot-off arrow will be needed to resolve the match; If the score is the same the arrow closest to the centre of the target face shall resolve the tie and if the distance is the same, successive single arrow shoot-offs, until the tie is resolved.*

If both athletes miss the scoring area of the target, both athletes will shoot an additional arrow.
