

Attendance of World Archery Congress 2021

The purpose of this document is to provide overview of the maximum number of votes that will be valid at Congress. The number of votes is marked behind each MA.

In a special situation where some delegations might not be able to travel due to COVID restrictions, there might be both registration and proxy. Proxy will be used only in case the travel is not possible.

No late registrations are allowed past deadlines (31 August for registration), but with the approval of Electoral Board, name changes of already registered participants will be allowed if the change is necessary due to Covid or visa issues.

When it is not possible to attend due to visa problem but there was full intention to attend (registration before 1 September and all possible done to obtain visa) and there is written proof of the rejection then these federations affected will be allowed to submit a proxy. As this is not regular procedure, there proxies will need to get the approval of Congress before becoming valid. Contact congress@archery.sport

List based on: 1 September 2021, 00:01 CET / Cancellations updated: **15 September** (marked in yellow)
