

2026 INDOOR ARCHERY WORLD SERIES RULES AND REGULATIONS

1. Introduction

The Indoor Archery World Series is World Archery's mass participation international 18-metre circuit. There will be seven events held during the 2026 season¹, starting in November 2025 and ending in March 2026.

4. Participation

Any athlete who is a member in good standing of a World Archery member association (national archery federation) may participate. Proof of licence or membership may be required.

It is the responsibility of each member association to ensure that participants are registered members. In case an athlete who has entered to an event is not a valid member, member associations have the possibility to veto their participation through WAREOS.

An athlete may only compete in one division at each Indoor Archery World Series event.

5. Rankings

There are three ranking lists, elite ranking, youth ranking and open ranking.

- An **open ranking** based on 60-arrow qualification scores, using each athlete's best three results across the season. Everyone who competes receives an open ranking.

The Vegas Shoot: Only the first 60 scoring arrows will count towards the open ranking. Only the inner X-ring will count as 10 points for the purposes of the ranking for compound archers. These rules adjust scores recorded under the Vegas Shoot format to the regular World Archery scoring system.

- An **elite ranking** based on accruing points according to final placing, using each athlete's best three results across the season. The elite ranking top positions at the end of all the stages will be eligible to prize money as detailed in [Prizes](#)
- A **youth ranking** based on accruing points according to final placing, using each athlete's best three results across the season in an under-21 event.
