6. Text of the motion (*)	<p><u>4.5.2.4. Indoor Rounds can be shot in outdoor conditions as well.</u></p> <p><u>5.4.2.1 Indoor Rounds shot under outdoor conditions shall also be valid for recognition of World Records.</u></p>
7. Reason	<p>Add Article 4.5.2.4. so Indoor Rounds can be realized in Outdoor conditions and Chapter 5.4.2.1 to allow results to be valid as World Records.</p> <p>The Indoor world series have shown that the Indoor rounds are shot worldwide outdoor and since it is not an advantage you should be able to register an outdoor 18m event. 18m is a really good recreational round.</p> <p>The plan is to propose a motion for 2023 Congress about whole section about different rounds is re-written with including the changes from 2021 Congress and then combine Outdoor Round and Indoor Rounds as Target Rounds. The intention is to make different rounds more simply described and all information (distance, target size, number of arrows etc) to be found in one place and not in relation to specific tournament.</p>
