

Summary of motions and proposals

This table lists motions, amendments (highlighted grey) and proposals.

Several of the amendments concern bylaws rather than rules. Amendments concerning bylaws are published as information for member associations only as they will not be voted on at Congress, since changes to bylaws are solely the responsibility of the Executive Board.

Amendments to bylaws that are affected by rule changes accepted at Congress will be submitted to the Executive Board for approval before the publication of the new *Rulebook*.

MOTIONS						
#		Book	Article	Topic	Change	Submitted by
