Competition Format and Rules

競技形式および規則 / Format et règlement des compétitions

As of THU 1 JUL 2021

OLYMPIC COMPETITION FORMAT

The archery competition at the Tokyo 2020 Olympic Games consists of five events: men's and women's individual, men's and women's team and the mixed team.

There are 128 athletes in total, 64 men and 64 women, and 12 teams of each gender. Places at the Olympic Games are qualified by National Olympic Committees (NOCs) at the World Archery Championships and other qualifying tournaments.

The archery competition is split into two parts: the ranking round and the head-to-head matches.

The ranking round takes place on the first day of competition, the day of the Opening Ceremony of the Games, and is used to seed athletes and teams for the matches. All 64 individuals and all 12 teams take part in the matches but only the top 16 mixed teams qualify for the second part of the competition.

The head-to-head matches pit one athlete or team against another. Matches at the Olympic Games are decided using the set system. The winner of each match advances to the next round and the loser is eliminated.

There are six rounds in the individual competitions: three elimination rounds (first round or 1/32, second round or 1/16 and third round or 1/8), followed by quarterfinals, semifinals and finals (bronze and gold medal matches).

There are four rounds in the team and mixed team competitions: one elimination round (first round or 1/8), followed by quarterfinals, semifinals and finals (bronze and gold medal matches).

DIFFERENCES BETWEEN THE WORLD ARCHERY CHAMPIONSHIPS AND THE OLYMPIC GAMES

The number of participants in the World Archery Championships is not restricted by qualification and is much higher. Therefore, there is a limit on the number of athletes that enter the match bracket. A bye into the third round is also given to the top eight seeds, meaning that a total of 104 athletes participate in the individual matches.

As well as the World Archery Championships for outdoor target archery, there are also world championships held for the disciplines of field archery, 3D archery, para archery, masters archery and youth archery.

CHANGES SINCE THE RIO 2016 OLYMPIC GAMES

The mixed team event has been added to the programme.

SPORT RULES AND PROCEDURES

Athletes at the Olympic Games use recurve bows to shoot at target faces that are 122cm in diameter, set 70 metres away and have 10 concentric rings scoring 1-10 points. The middle ring, which awards the highest score of 10 points, is just 12.2cm in diameter.

Individual events

Athletes shoot a ranking round of 72 arrows, split into 12 ends of six arrows. The maximum score is 720 points. Athletes are ranked according to their scores and placed into the match brackets. In the first round, the top seed (ranked) shoots against the lowest seed, the second seed against the second-lowest seed, and so on.

Matches are decided using the set system.

Athletes shoot sets of three arrows. The maximum score in a set is 30 points. The athlete that has the highest score in the set receives two set points. If athletes have the same score in a set, both receive one set point.

The first athlete to collect six set points wins the match. If the athletes are tied at 5-5 after five sets, then the match is decided in a tiebreak.

Shooting takes place alternately with a time limit of 20 seconds per arrow. The higher-seeded athlete chooses who shoots first in the first set. In subsequent sets, the trailing athlete shoots first. If the score is tied, the match reverts to the original shooting order.

Team events

A team consists of three athletes of the same gender from a single NOC.

The athletes' individual ranking round scores are combined to create a team score. The maximum score is 2160 points. Teams are ranked according to their scores and placed into the match brackets.

Matches are decided using the set system.

Teams shoot sets of six arrows, two per athlete per set. The maximum score in a set is 60 points. The team that has the highest score in the set receives two set points. If the teams have the same score in the set, both receive one set point.

The first team to collect five set points wins the match. If the teams are tied at 4-4 after four sets then the match is decided in a tiebreak.

Shooting takes place alternately in rotations of three arrows, one per athlete, with a time limit of two minutes per set. Teams may freely change the order of shooting between each rotation. The higher-seeded team chooses who shoots first in the first set. In subsequent sets, the trailing team shoots first. If the score is tied, the match reverts to the original shooting order.

Mixed team event

A mixed team consists of two athletes of different genders from a single NOC. The highest-scoring athletes in the ranking round compete in the mixed team.

The athletes' individual ranking round scores are combined to create a mixed team score. The maximum score is 1440 points. Mixed teams are ranked according to their score and placed into the match brackets.

Matches are decided using the set system.

Mixed teams shoot sets of four arrows, two per athlete per set. The maximum score in a set is 40 points. The mixed

TOKYO 2020

Archery
アーチェリー / Tir à l'arc

team that has the highest score in the set receives two set points. If the mixed teams have the same score in the set, both receive one set point.

The first mixed team to collect five set points wins the match. If the mixed teams are tied at 4-4 after four sets then the match is decided in a tiebreak.

Shooting takes place alternately in rotations of two arrows, one per athlete, with a time limit of one minute 20 seconds per set. Mixed teams may freely change the order of shooting between each rotation. The higher-seeded mixed team chooses who shoots first in the first set. In subsequent sets, the trailing mixed team shoots first. If the score is tied, the match reverts to the original shooting order.

Tiebreak rules

Ranking round

The tiebreak procedure for seeding in the individual, team and mixed team events (except ties that affect qualification for the matches) in order of precedence:

- Greatest number of 10s (including inner 10s)
- Greatest number of Xs (inner 10s)
- Disk toss (computerised disk toss may be used)

For a tie that decides which mixed team or mixed teams advance to the matches, a shoot-off according to the match tiebreak rule takes place. This tiebreak could take place between more than two mixed teams.

Match

- Tiebreak for individuals:

Each athlete shoots a single arrow. The athlete whose arrow lands closest to the middle of the target wins the match. If no winner can be chosen then the process is repeated until a winner is declared.

- Tiebreak for teams:

Each athlete shoots a single arrow. The team with the highest score wins the match. If the scores are tied then the mixed team whose arrow is closest to the middle of the target wins the match. If no winner can be chosen then the second-closest and subsequently third-closest arrows are compared. If still tied the process is repeated until a winner is declared.

- Tiebreak for mixed teams:

Each athlete shoots a single arrow. The mixed team with the highest score wins the match. If the scores are tied the mixed team whose arrow is closest to the middle of the target wins the match. If no winner can be chosen then the second-closest arrows are compared. If still tied the process is repeated until a winner is declared.

Final ranking

Individuals, teams and mixed teams that lose in the quarterfinals are ranked by set points and then total arrow score. Subsequent positions are ranked as ties taking into consideration the number of tied athletes, teams or mixed teams.

Penalties/disqualification rules

The most common penalties are:

- Red card: indicates the removal of the highest-scoring arrow of a set in a match or end in the ranking round. Usually applied when an arrow is shot out of time.
- Yellow card: a warning given during a team match when there is an incorrect relay in a rotation that forces the team to reset behind the one metre line. Only one athlete from a team may cross the one metre line at a time and an athlete may not take an arrow out of their quiver before crossing the one metre line. Ignoring a yellow card results in a red card.
- Disqualification: issued if a ranking round score sheet is not signed by an athlete or agent.

Protests/appeals

An athlete can appeal anything during competition except the value of a judged or previously scored arrow. Appeals are made by team managers to the chairman of judges and are adjudicated on by the jury of appeal.

Rulebook

The archery competition at Tokyo 2020 will be held in accordance with the editions of the following documents that are in force at the time of the Games:

- World Archery constitution and rules (edition published on 1 January 2021; available at <https://worldarchery.sport/rulebook>)
