Competition Format and Rules

競技形式および規則

As of THU 19 AUG 2021

PARALYMPIC COMPETITION FORMAT

The archery competition at the Tokyo 2020 Paralympic Games consists of nine events: men's and women's individual and mixed team events, each in three divisions.

Athletes in the recurve open division use a recurve bow and have an open classification. Athletes in the compound open division use a compound bow and have an open classification. Athletes in the W1 division can use either a recurve or a compound bow, with limitations, and have a W1 classification.

An open classification usually means an athlete has impairment in the top or bottom halves of their bodies while an athlete with a W1 classification usually has impairment in both the top and bottom halves of their bodies and their torso.

The archery competition is split into two parts: the ranking round and the head-to-head matches.

The ranking round takes place at the start of the competition and is used to seed athletes and mixed teams for the matches. The head-to-head matches pit one athlete or mixed teams against another. The winner of each match advances to the next round and the loser is eliminated.

The rules for para archery are largely the same as the rules for archery.

Recurve open

Athletes shoot at target faces that are 122cm in diameter, set 70m away and have 10 concentric rings scoring one to 10 points. The middle ring, which awards the highest score of 10 points, is just 12.2cm in diameter.

Individual events

Athletes shoot a ranking round of 72 arrows, split into 12 ends of six arrows. The maximum score is 720 points. Athletes are ranked according to their score and placed into the match brackets. In the first round, the top seed (ranked) shoots against the lowest seed, the second seed against the second-lowest seed, and so on.

Matches are decided using the set system.

Athletes shoot sets of three arrows. The maximum score in a set is 30 points. The athlete that has the highest score in the set receives two set points. If the athletes have the same score in the set, the two athletes receive one set point each.

The first athlete to collect six set points wins the match. If the athletes are tied at 5-5 after five sets, then the match is decided in a tiebreak.

Shooting takes place alternately with a time limit of 30 seconds per arrow. The higher-seeded athlete chooses who shoots first in the first set. In subsequent sets, the trailing athlete shoots first. If the score is tied, the match reverts to the original shooting order.

Mixed team event

A mixed team consists of two athletes of different genders from a single NPC. The highest-scoring athletes in the ranking round compete in the mixed team.

The athletes' individual ranking round scores are combined to create a mixed team score. The maximum score is 1440 points. Mixed teams are ranked according to their score and placed into the match brackets.

Matches are decided using the set system.

Mixed teams shoot sets of four arrows, two per athlete per set. The maximum score in a set is 40 points. The mixed teams that have the highest score in the set receive two set points. If the mixed teams have the same score in the set, each team receives one set point.

The first mixed teams to collect five set points win the match. If the mixed teams are tied at 4-4 after four sets, then the match is decided in a tiebreak.

Shooting takes place alternately in rotations of two arrows, one per athlete, with a time limit of two minutes per set. Mixed teams may freely change the order of shooting between each rotation. The higher-seeded mixed teams choose who shoots first in the first set. In subsequent sets, the trailing mixed teams shoot first. If the score is tied, the match reverts to the original shooting order.

Compound open and W1

Athletes shoot at target faces that are 80cm in diameter, set 50m away and have 10 concentric rings scoring one to 10 points. The middle ring, which awards the highest score of 10 points, is just 8cm in diameter. The rings scoring one to four points are removed for athletes in the compound open division.

Individual events

Athletes shoot a ranking round of 72 arrows, split into 12 ends of six arrows. The maximum score is 720 points. Athletes are ranked according to their score and placed into the match brackets. In the first round, the top seed (ranked) shoots against the lowest seed, the second seed against the second-lowest seed, and so on.

Matches are decided using cumulative scoring.

Athletes shoot 15 arrows, split into five ends of three arrows. The maximum score for a match is 150 points. The athlete who has the highest score after 15 arrows wins the match. If the score is tied, then the match is decided in a tiebreak.

Shooting takes place alternately with a time limit of 30 seconds per arrow. The higher-seeded athlete chooses who shoots first in the first set. In subsequent ends, the trailing athlete shoots first. If the score is tied, the match reverts to the original shooting order.

Mixed team event

A mixed team consists of two athletes of different genders from a single NPC. The athletes' individual ranking round scores are combined to create a mixed team score. The maximum score is 1440 points. Mixed teams are ranked according to their score and placed into the match brackets.

Matches are decided using cumulative scoring.

Mixed teams shoot 16 arrows, split into four ends of four arrows, two per athlete per end. The maximum score for a match is 160 points. The mixed teams that have the highest score after 16 arrows win the match. If the score is tied, then the match is decided in a tiebreak.

Shooting takes place alternately in rotations of two arrows, one per athlete, with a time limit of two minutes per end. Mixed teams may freely change the order of shooting between each rotation. The higher-seeded mixed teams choose who shoots first in the first end. In subsequent ends, the trailing mixed teams shoot first. If the score is tied, the match reverts to the original shooting order.

SPORT RULES AND PROCEDURES

Tiebreak rules

Ranking round

The tiebreak procedure for seed in the individual and mixed team events (except ties that affect qualification for the matches) in order of precedence:

- Greatest number of 10s (including inner 10s);

- Greatest number of Xs (inner 10s);
- Disk toss (computerised disk toss may be used).

For a tie that decides qualification for the matches, a shoot-off according to the match tiebreak rule takes place. This tiebreak could take place between more than two athletes or mixed teams.

Match

Tiebreak for individuals:

Each athlete shoots a single arrow. The athlete whose arrow lands closest to the middle of the target wins the match. If no winner can be chosen, then the process is repeated until a winner is declared.

Tiebreak for mixed teams:

Each athlete shoots a single arrow. The mixed team with the highest score wins the match. If the scores are tied, then the mixed team whose arrow is closest to the middle of the target wins the match. If no winner can be chosen, then the second-closest arrows are compared. If still tied, the process is repeated until a winner is declared.

Final ranking

Archers and mixed teams that lose in the quarterfinals are ranked by set points and then the total arrow score. Subsequent positions will take into consideration the number of tied athletes and mixed teams.

Protests/appeals

An athlete can appeal anything during competition except the value of an arrow decided by the judge and the use of the yellow card to signal violations in the mixed team event. Appeals are made by team managers to the chairperson of judges and are adjudicated on by the jury of appeal.

Competition rules

The para-archery competition at Tokyo 2020 will be held in accordance with the editions of the following documents that are in force at the time of the Games:

- The World Archery Constitution and Rules (edition published on 1 January 2021; available at http://worldarchery.org/Rules)
- The IPC Handbook (available at https://www.paralympic.org/the-ipc/handbook)

The World Archery, working with the Tokyo 2020 competition management, will be responsible for the technical control and direction of the archery competition at the Tokyo 2020 Paralympic Games.

CHANGES SINCE THE RIO 2016 PARALYMPIC GAMES

- Some differences in the number of athletes for each event at Tokyo 2020.
- Some changes to the timing rules for matches (30 seconds per arrow instead of 20 seconds).

DIFFERENCES FROM THE OLYMPIC GAMES

- Some byes are generally required in the first phase of the bracket round in the Paralympic Games depending upon the initial numbers of archers. The Olympic Games has a full allocation of 64 archers and no byes in the first round.
- Compound and W1 events use cumulative scoring to resolve matches (and not the set system).
- In the Paralympic Games, there is only a mixed team event and no team event of three athletes of the same gender and category.
