

## DEVELOPMENT SUPPORT

### Equipment assistance programme 2022

World Archery's **vision** is for a world in which everyone has the opportunity to practise, engage with and enjoy the important Olympic sport of archery

Shortage of equipment is a problem in many countries and limits the development of the sport. A lack of beginner equipment stops growth at grassroots and the absence of elite equipment prevents talented athletes reaching the international level.

World Archery's assistance programme aims to help those federations that are most in need of equipment. It is made possible thanks to the support of World Archery's diamond partners and gold associates.

#### Diamond partners

#### Gold associates

#### Assistance

Support in the form of archery equipment will be issued on a one-time basis. It is possible to request equipment at three different levels:

- Beginner kit: 12 sets of entry level bows and arrows with accessories.
- Intermediate kit: five sets of recreational-level competition bows and arrows.
- Advanced kit: two sets of elite-level competition bows and arrows.

Example detailed lists are attached in Appendix 1. The exact equipment donated will be decided by World Archery according to supply, demand and budget. There is a limited amount of assistance available. Donations will be capped at a maximum combined value of 30,000 CHF.

Applications will be assessed, and support awarded, using the following criteria:

- World Bank income group for the country with lower income prioritised.
- Previous support and donations received over the last 10 years.
- Age of the federation with newer federations prioritised for beginner kits.
- Alignment of federation's strategic goals with application.

#### Eligibility

This support is available strictly to current member associations of World Archery. Federations that fulfil the following criteria may apply:

- Currently in good standing.
- If older than two years, with a valid development plan. (The objectives of federations less than two years old are assumed to align with an application for beginner kits.)
- Up-to-date federation details in the World Archery extranet.

## Application

A maximum of one application will be accepted from each federation. [Applications must be submitted electronically](#) by midnight CET on **20 August 2022**. The following information is required:

- General information on federation, including the year of foundation and the year of affiliation to World Archery.
- File or link to federation's constitution (any language).
- File or link to federation's strategy or development plan (any language).
- Details of any equipment donations or assistance received in the past 10 years.
- Indication of the level of equipment requested.

Only full applications will be accepted and processed. Federations may be contacted for additional information.

Member associations that submit successful applications will be notified no later than 10 September 2022. The list of federations that will receive donations will be published on the World Archery website.

## Cost and obligations

World Archery will cover in full the cost of shipping equipment and a donation letter will be provided and attached to any packages.

The cost of the equipment donation is covered with the support of World Archery's diamond partners and gold associates and by World Archery's development budget.

Member associations will be required to:

- Cover in full the costs of any import tax imposed by customs in their country. (A member association that does not retrieve a package stopped at customs or reports difficulty in retrieving a package will be suspended from receiving future equipment assistance.)
- Report the arrival of any donation and the received contents of any packages to the World Archery office to allow for tracking of donations.
- Issue a press release on receiving equipment assistance to national press.

## Timeline

20 June	Application period opens
20 August	Application period closes
10 September	Decisions published
30 September	Orders finalised
November/December	Equipment shipped

## Selection committee

Applications will be reviewed by a selection committee comprising:

- **Tom Dielen**, World Archery secretary general
- **Siret Luik**, World Archery deputy secretary general / head of member services
- **Cecilia Viscarra**, World Archery member services coordinator

Before any decision is reached, development agents and continental associations will be consulted.

#### Data policy

Any information received during the application will be kept confidential, only accessed by World Archery staff, and will not be used for any other purpose than deciding which applicants receive a support.

## APPENDIX 1

### Example of entry kit – Level 1

For one kit

#### Bows: 12 entry level bows with accessories, such as:

1 RH 70"/22# 1 RH 68"/24# 1 RH 68"/22# 1 RH 68"/20# 1 RH 66"/20# 1 RH 66/18#	1 RH 66/16# 1 RH 64"/14# 1 RH 58"/16# 1 RH 48"/14# LH 64"/16# LH 68"/22#
4 arrow-rests <b>per</b> bow 1 entry level sight <b>per</b> bow (with strong metal extension or made of plastic) 2 Dacron strings <b>per</b> bow (8 to 10 strands) 1 spool of serving material 1 string server device	4 dz. of Nocking clamps 1 Nocking Pliers 1 Bow square 1 spool of string material (Dacron) 1 string jig 1 stick of string wax

#### Arrows: 1 dozen of carbon arrows **per** bow (average), such as:

= 12 dozens = 144 arrows

12 arrows of 33" (1 dz.) 12 arrows of 32" (1 dz.) 12 arrows of 31" (1 dz.) 18 arrows of 30" (1.5 dz.) 18 arrows of 29" (1.5 dz.) 18 arrows of 28" (1.5 dz.) 18 arrows of 27" (1.5 dz.) 12 arrows of 26" (1 dz.) 12 arrows of 25" (1 dz.) 12 arrows of 24" (1 dz.)	1 x single fletching jig 1 cement tube 1 roll of double tape (for Spin Win) 1 Fast Glue tube 1 Two component epoxy glue for carbon arrows point 6 dozens of vanes (various colours for repairing any of 6 dozens of nocks (same as for the vanes) 6 points (2 of each size)
--	--

#### Other accessories:

1 Allen wrenches set of 9 sizes  
 24 ambidextrous Tabs: 5 small, 12 medium, 7 large  
 24 slings: 5 small, 12 medium, 7 large  
 12 full-length armguards  
 12 regular armguards  
 24 quivers  
 2 Chestguard Medium ambidextrous  
 12 Bow stands  
 12 target faces Ø 80 cm

### Example of intermediate kit – Level 2

For one kit

#### Bows: 6 intermediate level bows with accessories, such as:

1 RH 70"/34# 1 RH 68"/30# 1 RH 68"/34# 1 RH 68"/38# 1 RH 66"/32# 1 LH 68/32	6 Klickers 6 Plunger-buttons 6 aluminium long rod stabilizer 2 Flipper arrow-rests <b>per</b> bow 1 Intermediate sight <b>per</b> bow 2 strings per bow 1 spool of serving material 1 string server device 2 dz. Nocking clamps 1 Nocking Pliers 1 Bow square 1 spool of string material 1 string jig 1 stick of string wax
--	--

#### Arrows: 1 dozen of arrows shafts **per** bow (average), such as: = 6 dozens = 72 shafts

12 arrows of 33" (1 dz.) 12 arrows of 32" (1 dz.) 12 arrows of 31" (1 dz.) 12 arrows of 30" (1 dz.) 12 arrows of 29" (1 dz.) 12 arrows of 28" (1 dz.)	270 plastic vanes 144 nocks 84 arrow points (7 doz. of one piece parabolic point of 100gr.) 1 x single fletching jig 1 cement tube 1 Fast glue tube 1 glue for points
--	---

#### Other accessories:

- 1 Allen wrenches set of 9 sizes
- 5 RH Tabs: 1 small, 3 medium, 1 large
- 1 LH Tabs - Medium size
- 6 slings
- 6 armguards
- 5 RH entry level quivers
- 1 LH entry level quiver
- 1 ambidextrous chestguard
- 6 target faces Ø 80 cm
- 2 target faces Ø 122 cm

### Example of advanced kit – Level 3

For one kit

#### **Bows: 2 advanced level bows with accessories, such as:**

2 advanced level bows (specifications on request)
2 Clickers (one per bow)
2 Plunger buttons (one per bow)
1 carbon V-Bar stabilizer system per bow
2 Flipper arrow-rests per bow
1 Elite sight per bow
2 strings per bow
2 spools of serving material
1 string server device
1 dz. of Nocking clamps
2 Nocking Pliers (one per bow)
2 Bow squares
1 spool of string material
1 string jig
1 stick of string wax

#### **Arrows: 1.5 dozens of ACE shafts per bow, such as:**

1.5 dozen: = 3 dozens = 36 shafts

as per specifications

2 paquets of 50 Spin Wings

60 nocks

48 points

2 single fletching jig

2 cement tubes

2 Fast glue tubes

2 glue for arrow point

#### **Other accessories:**

2 Allen wrenches set of 9 sizes

2 Tabs per bow (with shelf, if required) size on specifications

2 slings

2 armguards

1 intermedi per bow on specifications (L/R)

1 chestguard

4 target faces Ø 80 cm

4 target faces Ø 122 cm

4 centres for target faces Ø 80 cm
