6. Change Requested or Question:	USE THE CONSTITUTION & RULES BOOK FORMAT FOR CHANGE(S) REQUEST (UNDERLINE NEW WORDING, STRIKEOUT OLD WORDING, ALIGNMENT, ETC) <i>11.4.2.1 - ... The bowstring shall not in any way assist aiming through the use of a peephole, marking, or any other means. The end of the center serving where it transitions to bowstring material shall not end within the athlete's plane of vision at full draw.</i>
7. Reason(s):	With the introduction of barebow in target archery, the Judges and Technical committees believe a restriction should be applied to the center serving position for a barebow athlete for Target Archery only, as omission of the above rule may aid in aiming. The same restriction has been applied for the recurve bow. This does not apply to Field / 3D Archery, where the string walking technique used by barebow athletes for different distances means that there is the possibility for the end of the center serving to be in the athletes' vision at some distances.
