** It must be borne in mind that the data for the archery events at the Olympic Games of 1900, 1904 and 1920 are incomplete, and no comprehensive and fully reliable results are available. The information given above has been collated from various sources, and although every effort has been made to ensure that this information is accurate, any errors or omissions are due to the often conflicting nature of the published records. The details shown for the 1908 Games have been confirmed from Olympic records.
